32 ELECTORS' NAMES TO APPEAR ON TICKET

Ten Democratic Electors Will Head Ticket in Grenada County—Vote for Them Means Vote for Pure and Undefiled Democracy, for Al Smith and Joe T. Robinson. How Ballot Will Look.

When Mississippi voters go to the polls next Tuesday to cast their ballots in the presidential election they will not find the names of Alfred E. Smith, Joseph T. Robinson, Herbert Hoover or Charles Curtis printed on the ticket. Instead they will find the names of thirty-two presidential electors, all Mississippians, ten of whom are Democrats, twenty of whom are Republicans and the remaining two, Socialists. There are two factions of the Republican party on the ballot, one the group styling themselves the "lily whites" and the other the Perry Howard faction.

But what the great majority of Grenada countians are interested in is who are the Democratic electors, the ones they must vote for if they want to cast a ballot for Al Smith and Joe Robinson.

The ten Democratic electors will head the ticket. They are the ones by whose names you must place an "X" if you want to cast a vote for pure and undefiled Democracy. Be

Democratic Leader Warns Mississippians

Capt. Noel White, Head of State Democratic Committee, Labels as False Republican Campaign Literature.

Jackson, Miss., Oct. 30.—Captain Noel White, Chairman of the State Democratic Executive Committee of Mississippi issued the following statement from Democratic Headquarters today:

"The Republican Party in Mississippi, indulging the forlorn hope that it may swing Mississippi into the Republican column on November 6th, has flooded the State with a false and libelous sheet which purports to portray Governor Smith's attitude on the race question. Although the sheet above referred to is not signed by the Republican Organization of Mississippi, yet it is being sent out from Republican Headquarters in Mississippi surreptitiously and secretly. The following paragraph taken from a letter enclosed in the same envelope with this libelous sheet is as follows: 'This is confidential and is to be shown only to those who you know are favorable to our cause'. This letter is signed Chas. H. Blewett, Director of Publicity, and is dated October 20th, 1928, and is upon stationery of the Republican National Committee.

"This activity is proving a boomerang. Thousands of these sheets have been mailed into Democratic Headquarters by those who received them. The people of Mississippi will not be fooled by this attempt on the part of the Republican Committee in this State to make it appear that the negroes of Mississippi or elsewhere are supporting Governor Smith. Mississippians know that the Republican Party has always espoused the cause of the negroes in politics and they know further that it is doing this in this campaign. They know further that the Democratic party stands for White Supremacy.

"Each and every statement appearing on the filthy sheet above referred to is false, and libelous and those responsible for its publication and distribution know that it is false and libelous. It must be a weak cause that has to appeal to intelligent people on the plans and basis of this sheet. The Republican Party in the North and South is doing everything it can to win the negro votes and they have absolutely succeeded in doing this.

"The people throughout the entire state are rallying to the Democratic Standard. They remember that Demoracy is a heritage handed down to us by our fathers, that it was bought with a tremendous price of privation and bloodshed, and they will refuse to be misled and buncoed by the false claims and promises as expressed in its platform. The State Democratic Executive Committee is presenting to the people the Democratic issues in a decent and straightforward way. Everybody appreciates Governor Smith's frankness, the cleanliness of his personal and political life, and the courage of Governor Smith, and everybody believes that he will make this nation a great President. The State Democratic Executive Committee commends him to our people as being the greatest genius of practical government in America today. These are the things that appeal to Democratic voters.

"I warn the people to expect from now until election day the same sort of campaign on the part of the Republican Party that is being evinced by the false, libelous and dirty literature already circulated and being circulated secretly and surreptitiously by the Republican Committee."

Negro Politician Criticizes Smith

Negro Editor and Politician Peeved that New York Governor Has Not Recognized Negroes in Appointments.

Washington, Oct. 29.—Professor W. E. B. DuBois, leading negro citizen and Republican politician of New York, Editor of The Crisis, official organ of the Association for the Advancement of Colored People, criticizes Governor Alfred E. Smith in the October number of The Nation for not recognizing negroes in the matter of appointments to public office.

Among other things Professor DuBois says:

"In all Governor Smith's long career he has sedulously avoided recognizing negroes in any way. He has twice vetoed bills which would have given a negro magistrate to Harlem. He has never given a negro any major appointment. He has seldom been willing to receive a negro delegation and it is doubtful if he has met personally in all his career a half dozen of the 250,000 negroes of his state.

"Liberals may, if they will, vote for Al Smith. But a vote for Al Smith is a vote for the Bourbon South," is his concluding statement.

Defends Hoover For Mound Bayou Visit

W. A. Percy, Greenville Lawyer, Says Stop at Mound Bayou Made at His Request. Train Stopped 3 Minutes.

Greenville, Miss., Oct. 27.—W. A. Percy, local attorney associated with Herbert Hoover in Belgian relief work, who served as chairman of the Washington County Chapter of the American Red Cross as well as director of flood relief in and around Greenville during the spring flood of 1927 today took occasion to defend Mr. Hoover for his visit to Mound Bayou as well as L. O. Crosby, flood relief dictator for Mississippi under appointment from Governor Murphree.

Mr. Percy took occasion to answer an editorial published in the Jackson (Miss.) Daily News, headed "L. O. Crosby—Bolter," in which that paper said that "Mary Booze was the sole and only person that Herbert Hoover had expressed a desire to see." Among other statements in the editorial it was stated that the Hoover special train "did not stop at Greenville, Leland, Clarksdale or any other point along the route, and that he was hell-bent for Mound Bayou to see Mary Booze."

In his letter to Major Fred Sullens, editor of the Jackson Daily News, Mr. Percy said: "I am certain that you do not wish to be unfair to Mr. Hoover or to misrepresent the facts of his visit to Mound Bayou. I happened to know those facts because Mr. Hoover made the trip to the delta at my special request, I being at that time chairman of the American Red Cross for Washington County and chairman of the relief work in and around Greenville.

"I asked Mr. Hoover to make an informal talk at one of the Greenville negro churches because I wanted to present to a negro audience the facts about a vicious attack which had been made on me and the Red Cross by a negro paper, 'The Defender,' of Chicago. After my presentation of facts Mr. Hoover made a short and very effective address to the negroes in defense of me and in condemnation of the libel in the Chicago newspaper. After that talk he attended a luncheon given in his honor and went from there to the opera house in Greenville, where he made an address. Just after, or just before that address, I received a phone call from Eugene Booze of Mound Bayou asking me to request Mr. Hoover to have his train stop at Mound Bayou for a few minutes.

"When I told Mr. Hoover of the request he was quite uncertain whether he would comply with it and I urged him to do so, saying that it would please the darkies of Mound Bayou and take very little of his time. He then asked his secretary, Mr. Akerson, if there was time to make a short stop, and when Mr. Akerson said there was, he consented to the stop being made.

"The Hoover party was taken over to Leland in a barge. The trip was exceedingly hot and tiresome. No arrangement for a speaking at Leland had been made and Mr. Hoover was not requested to speak there. However, a large delegation of citizens from Leland and the surrounding county was awaiting him.

"Mr. Hoover immediately entered his private car and did not make any address to the citizens there. I was sorry he did not.

"Mr. Hoover and his party left Leland in his private car and proceeded to Cleveland, where he made a short address, and after that the train proceeded to Mound Bayou, where it stopped for three minutes. None of the party on the train got off the train, but Mr. Hoover made a short talk from the

PARTY CHAIRMAN IN FINAL STATEMENT

Hon. W. S. P. Doty, Chairman of Grenada County Smith-Robinson Club, Makes Last Appeal to Loyal Democrats and Points Out Dangers that Might Arise If Republicans Remain in Power.

Democrats of Grenada County—Attention:-

The Republican party is not fool enough to count on carrying Mississippi in this election. Its plain purpose is to seize upon whatever political and religious prejudice and intolerance may exist to sow seed of discord among a peaceful people, that will create political strife and faction for the future. Its purpose is to start the building of a Republican party in Mississippi, sponsored by any home white people who may be duped and led astray. The Republican party shrewdly reckons that where two political parties of white people of the South strive for control, soon the negro, as a numerous asset, gradually will be brought in as a political factor. Nothing worse than this could happen for the negro; nothing worse than this could happen for the white man; nothing worse than this could happen for the political tranquility of the South; and nothing worse could happen to set back the tide of Southern development now strongly setting in.

These considerations make this election the most immensely important one to the people of Mississippi, of any, since the days of Reconstruction, when Republican misrule and rascality and negro office-holding had come to the point where Southern white people would stand it no longer and arose in their might of indignation and crushed it to the death.

We do not want to invite, nor supinely permit, such conditions to come again. We do not want to be compelled to fight over again the battles of Reconstruction. Kill this Republican scheme in the borning.

The Democratic party in the North has always stood for the Democratic party in the South to solve its own peculiar racial and political problems. The Republican party in the North gave the South the carpetbag-scalawag regime following the Civil War. If given the necessary majority in congress they will do it again. They look upon the negroes in the South with the longing to make every negro a voter for the Republican party, and with the millions of negroes in the South thus voting, to secure the electoral votes of the South and perpetuate themselves in power. Their boast is, if given the power, to put a Federal bayonet behind every ballot, to see that every negro shall cast his ballot. This is what the Force Bill means, which from time to time the Republican party has tried to force on the South, and which they stand ready to enact into a Federal law whenever they have the necessary majority in congress to do it.

Wake up, Democrats of Grenada County. The bells of jeojardy are ringing. Let every man and every woman go to the voting precincts and register the biggest and best Democratic vote ever polled—for AL SMITH, the Friend of the South, the Jeffersonian Democrat, statesman and patriot, whose record is without blemish or stain.

W. S. P. DOTY,
Chairman Grenada County
Democratic Campaign Committee
Nov. 1, 1928.

Mrs. Morrison Makes Plea To The Women

Says Women Are on Trial and Should Aid in Throwing Off Bondage of Republicanism of the Past 7½ Years.

Ladies, Mothers, Daughters Friends:

We women are on trial, and much is expected of us. We must not be "weighed in the balance and found wanting". The faith of our fathers, the Democratic party, is calling for our aid to throw off the bondage of Republican corruption of the past 7½ years, which their party nominee guarantees us shall be continued.

The anti-lynching bill which they assure us shall pass congress, at its next session, is the worst possible thing that can come to us. It was instigated by a Mississippi negro, and introduced in Lower House by congressman Dyer of St. Louis. Will you by voting for Hoover, or your failure to vote at all bring down on your heads such a terrible situation? I can not believe it! Possibly you do not know the contents of the bill! It states that in the event of some horrible crime or murder in our midst, our citizens should rise up and mob the criminal, we shall have to pay $10,000 (ten thousand dollars) to his family, and the sheriff of the county shall pay $5,000 (five thousand dollars) or go to prison, it matters not how hard he tried to save the brute's life. Take it home

Note[illegible] Baptist Resents Editorial R[illegible]erring to Carnes' Defalcation

Dr. A[illegible] Barton, Acting upon Misinformation, Charges that Ser[illegible]l Has Not Called Methodist Preachers to Task about Po[illegible]—Sees Nightmares about Tammany Hall Which He Th[illegible] Unfits Smith for President—Fails to See that, upon Sa[illegible] Line of Reasoning, No Baptist in Country Fit to Be P[illegible]ent because, under Harding, Member of Baptist Church, There Were More Stealing and Graft than in All Other Administrations Together—Avers that He Borrowed Only Twenty-Five Hundred Dollars from Absconding Treasurer of Baptist Home Mission Funds—Fails to Mention that Presbyterian Clergy Has, with Few Exceptions, Kept Out of Political Scrimmage, and that Episcopalians Have Stuck to Their Last—His Communication and Actions of Ministers Joined with Him Another Instance of Going Off Half-Cocked—Sentinel Editorial Follows Doctor's Communication.

October 23, 1928

Editor Sentinel:

A friend is kind enough to send me a clipping from The Grenada Sentinel dated October 19th, in which there appears an editorial headed - "Lessons From Baptist Treasurer's Stealings." In this editorial it is said - "In this period when so many leading members of the Baptist clergy are engaged in the political game and when so many of them have shown a fondness for flinging bricks at Gov. Al Smith and Tammany Hall, it seems to us that these brethren should be engaged in the job now of sweeping around their own doors, and that some of these Al Smith critics would feel that they have a difficult task in explaining to the thinking public how it was that they were heavy borrowers of church funds from the defaulting treasurer, Carnes, of the Home Mission funds of the Baptist chucch." It is difficult to see how the editor of The Sentinel could get his consent to issue a broadside impeachment of the Baptist Ministry of the South, even in his partisan zeal for the wet Tammany candidate, Governor Al Smith. It is a fact that many Baptist ministers in the South, in fact nearly everyone of them without exception, stand unflinchingly for the preservation of prohibition, and are thoroughly committed against the election of Governor Smith who is the chief enemy of prohibition in America.

This is equally true of Methodist ministers, and we are glad to recognize their fine loyalty and service in this great cause. Since Baptist ministers were to be taken so severely to task by The Sentinel, I am wondering how the Methodist ministers escaped, especially since my good friend and co-laborer in the cause of prohibition, Bishop James Cannon, Jr., is rendering perhaps more conspicuous and heroic service than any other minister in the South, of any denomination. I am advised that the editor of The Sentinel is a member of the Methodist Church. I wonder if this fact explains why he is severe on Baptist preachers and has no censure for Methodist preachers concerning their prohibition and anti-Smith activities.

But as to the merits of the case concerning the borrowing of money from the defaulting treasurer, Carnes, the editor is quite mistaken. Nobody connected with the Home Mission Board was a heavy borrower from Mr. Carnes, and nobody, either a member or official of the Home Mission Board, so far as they knew or had any reason to believe, borrowed any "church funds". The truth is, some years back one member of the Home Mission Board borrowed $7,500.00 as he thought, from an estate which Mr. Carnes claimed he represented. He had no reason to believe otherwise than that the case had been correctly stated. The Executive Secretary of the Board borrowed $5,000.00 from a concern with which Carnes was connected. In each case the transaction was an entirely innocent and proper business transaction, without the slightest knowledge or ground for suspicion that there was any thing improper in the relation of Carnes to the business and funds of the Home Mission Board. In each case every penny of the money was paid back with interest.

In language more picturesque than elegant the editorial continuing says - "Even Dr. Barton, who is bellowing loud and long against the Democratic ticket, is on the list for a small loan of $5,000." Again the editor is mistaken. Soon after I came to Atlanta, a little over a year ago, I was in need of $2,500.00. Mr. Carnes was the trusted and bonded treasurer of the Home Mission Board. He was reputed to be a man of wealth and as having a wide knowledge of, and connection with, the business and banking interests of Atlanta. As I had not yet established my banking connections in Atlanta I naturally conferred with him as to the loan which I needed, though I did not ask him for the loan. In the conference he voluntarily said that he would be glad to lend me the money until I had established my banking connections. The loan was accepted. It was a perfectly proper business transaction with not the remotest knowledge, belief or suspicion on my part that Mr. Carnes was dishonest in his dealings with the mision funds intrusted to him. Every dime of the amount was paid with interest.

It seems there is hardly any extreme to which Smith politicians and papers will not go in seeking to promote their cause. This is in perfect accord with Tammany politics. As for myself, I have served the Baptists of the South too long and feel that I know them too well and they know me too well for such slanderous insinuations against me to have any influence with them or to require any explanations. As my work for prohibition for the past twenty or twenty-five years has been known almost equally as well by the general public in the South as by the Baptists, I feel that the same thing is largely true of them. But I think it proper to say this word in rebuttal and disclaimer against the slanderous attack made by The Sentinel.

In closing the editorial the editor reaches the conclusion that "Tammany Hall certainly never pulled off anything like this Baptist treasurer has". Carnes' defalcation is thoroughly bad. But my guess is that the editor has not read the history and is not familiar with the graft and public plunder engaged in and fostered by Tammany Hall. Tammany Hall has been truthfully described by Bishop Cannon as "an organization held together by the bonds of public plunder". Carnes' defalcation will probably reach nearly a million dollars. The plunder and graft of Tammany Hall runs into many hundreds of millions. The people of the South in particular and of the Nation at large, in my judgment, will not consent to place the chief product of Tammany Hall, Governor Alfred E. Smith, in control of the affairs of this Nation.

My judgment also is that the people of the South will not soon forget the politicians and the papers who, in their zeal for the election of this representative of Tammany as President of the United States, have maliciously and persistently attacked he honor and the good name of the Ministry of the South.

Very truly yours,
(Signed) A. J. BARTON

Editorial: If any proof were needed to show that many Baptist ministers and, to please Dr. Barton, we will also include many Methodist ministers, frequently go off half-cocked, Dr. Barton's communication furnishes it.

In the first place, our editorial was not "a broadside" arraignment "of the Baptist ministry of the South". The editorial justifies no such interpretation. We have included all who have turned aside from the long and well established paths of southern safety. Of course the hit animal always howls.

If Dr. Barton's informant had been as jealous of the truth as we believe he has been zealous in traducing and maligning Gov. Smith, he would have informed Dr. Barton that we have arraigned Methodist as well as Baptist ministers. We take 'em as they come, Doctor. When ministers turn aside from fields which "are ripe unto the harvest" and which are pleading for harvesters, and enter the rough and tumble arena of politics, they all look alike to us.

As a reminder that The Sentinel has questioned at even greater length the political activities of those Methodist preachers who have delighted to shoot poisoned arrows at the Democratic candidates for President and Vice President, and for Dr. Barton's information, The Sentinel's files show the following editorials on the dates named:

"Methodist Bishops Off The Track", August 10. "An Almost Unanimous Condemnation By The Press", August 31; "Twenty Lay Methodist Speak Out", September 9, and the last paragraph in this editorial reads: "The pastors and bishops who do not take warning may be starting something that will force another John Wesley to assert himself"; "Some of The Protestant Ministry and the Catholics", September 21; "Rev. Frank Norris Goes On Anti-Smith Campaign", September 21; "Bishop Cannon Billed To Politicalize In Mississippi", October 5. In The Sentinel of October 26, we gave separate editorial attention to Bishop Cannon and Billy Sunday and also to a Baptist minister in Murray, Kentucky, whose activities were blisteringly commented on in a recent issue of the Louisville Courier Journal. This man's

Another Mail Route From Grenada Office

Route to Calhoun City Adds to Grenada Postoffice Facilities and Will Expedite Mail for Calhoun City.

The Post Office Department at Washington City has contracted for a new mail route out of Grenada. The new route is a Star Route and will make six trips per week. The schedule provides that the carrier shall leave the Grenada post office at 6:30 a. m. and arrive at Calhoun City at 8:30 a. m. The return trip schedule is to leave Calhoun City at 4 o'clock, p. m. and arrive at the Grenada post office at 6 o'clock, p. m. The carrier will carry first class mail and newspapers and also locked pouches for Graysport and Big Creek. No route delivery is required. The distance from the Grenada post office to Calhoun City is 31.8 miles.

This route will add greatly to Grenada's postal facilities and is but another evidence that the post office department is ever ready to do all that is possible to carry mail as near as possible to the very doors of the people, and that it is also using every reasonable energy to make the quickest possible dispatch of mail. This route will greatly accommodate Calhoun City and will make the delivery of mail to those people several hours earlier. It will also enable the patrons of the Calhoun City office who have mail to dispatch in the later hours of the afternoon to get their mail off and going on fast mail trains nearly twenty four hours earlier. The contract has been awarded to Mr. Harpole, who has had the contract for some months to carry the daily Commercial Appeal to Calhoun City and as far east as Houston. The Commercial Appeal comes here on the morning train and is carried from here east by Mr. Harpole.

There is hardly a town in Mississippi that has the excellent mail facilities that the town of Grenada has. There are already six rural and two star routes out of the Grenada post office, and the new route to Calhoun City will still further enlarge Grenada's post office and mail opportunities.

Leland Gives Support To Its Football Team

Former Grenadian Says Grenada High Will Have to Beat Leland to Claim Championship for North Mississippi.

The following letter, from Mr. William K. Penn, son of Mrs. C. C. Penn, of Grenada, is being published by The Sentinel chiefly in the hope of trying to awaken in the people of Grenada a pride in their high school athletic teams by showing them how other towns are giving wholehearted and enthusiastic support to their boys. This paper understands that the present football team of the Grenada High School is receiving very little encouragement from Grenada people. The team is said to be one of the best the school has had in recent years but very limited numbers attend the games on the home grounds and such a thing as running a special train to an out of town game is unheard of.

Mr. Penn did not write his letter for publication. The Sentinel feels sure. The article to which he refers was a press dispatch sent out from Columbus.

His letter follows:

Editor Sentinel:

I noted with considerable surprise your article last week on the prospective champions for football in Mississippi this year as you overlooked the best town in North Mississippi, the Leland club. As you are doubtless aware of the fact that we have won the delta championship for three out of the last four years and the north Mississippi championship in "25" and if your Grenada team expects to win the north Mississippi championship they are going to have to beat Leland this year. Guess you noticed, since the publication of your last paper that we defeated Greenwood 13 to 6 and it is our intention to take Greenville by a much larger score.

It was with much pleasure that I noticed the Grenada team's record and nothing would give me more pleasure than to see the Grenada team and the Leland team tie up for north Mississippi championship. The only bad feature then would be to see Grenada get beat which would be inevitable.

I enjoy very much your paper every week and would not have taken exception to this article, but man, you stepped right on the softest spot in Leland as we back our football team 100%. It is our intention to run a special train to Clarksdale for the game Friday which is just a sample of the support we give our team.

Must close but with kindest personal regards to your staff. Best wishes for the continued success of your football team and Grenada at large.

Yours very truly,
(Signed) Wm. PENN.

URGE SOUTHERN KIN TO SUPPORT SMITH

Southern Women, in New York, Resent and Deny Statement that They Are Uniformly Opposed to Gov. Smith's Candidacy—Call Upon Relatives in South to Support Democratic Nominees.

New York, Oct. 29.—Prominent Southern women living in New York have signed and caused to be circulated throughout the South the following statement:

"In keeping with the 'whispering tactics' which have been employed against the Democratic candidate for the Presidency, it has reached us from many points in the South that women voters there have been advised that Southern women resident in New York are uniformly opposed to the candidacy of Alfred E. Smith.

"We, the undersigned women of the South, who have lived in New York for the last twenty-five years, and all the while participating in the activities of the women of the Southern Colony in New York City, advise you authoritatively that Southern women here, with but few exceptions, are supporting the Democratic nominee.

"We are unreservedly for Governor Smith, because apart from his personal merit, he is the standard bearer of the party, which

Force Bill Probable If Republicans Win

State Legislator, J. N. Provine, Mentions Probability of Force Bill and Anti-Lynching Law If G. O. P. Wins.

Editor Sentinel: Pardon me for saying that I believe you and other members of the press have too frequently missed the mark in your efforts to further the cause of the Democratic party in the present presidential campaign.

It seems to me that there are two things, and the reasons for these things, that you should have constantly kept before our people, and these two things are these:

If the Republicans win this election and have a majority in both branches of Congress, a desperate effort will be made to enact a force bill like that which Senator Lodge, now dead, sponsored and which passed the lower house of Congress in the early nineties. That bill was defeated in the Senate only by a fillibuster.

The force bill means that federal troops will be, or can be, sent to Mississippi to hold our elections. In short, the conduct of our elections will be taken out of the hands of our own people and placed under bayonets and under the control of those who believe that every one who offers to vote should be ALLOWED TO VOTE, regardless of local laws. That means that the negroes would control our elections. Now then I do not think that the Northern Republicans care a doggone about the negro except as they may use him as a pawn, or to rake the chestnuts out of the fire. This force bill stall would not be in the interest of the Southern negro but that they might keep tied to them the negro vote in the Northern states where the negro sometimes holds the balance of power.

The second thing that I have in mind is an anti-lynching law. The platform of the Republican party upon which Mr. Hoover is making this race pledges the party to enact a federal anti-lynching law. Dyer, the man who wrote the bill which was before the last congress, is a candidate again and one of the things he is emphasizing is the necessity of an anti-lynching law. That law proposes to require any community where a lynching occurs to pay to the family of the lynched ten thousand dollars, besides other penalties imposed.

An anti-lynching law would multiply the crime of lynching—for it is a crime, and would bring on disorder and constant trouble between the two races. The best sentiment of the South is bitterly opposed to lynching. The press is against it and every good agency in the South is against it. Happily it is decreasing very much and if left to our own people, will soon be a thing that is numbered with those that were. Lynching is a blot on our civilization; all good citizens realize this and are doing all they can to stop it, but outside interference will increase it rather than stop it.

The Republican party enfranchised the negro out of hatred of the South. President Johnson opposed it, but the blood-eyed Republicans led by Wade and Sumner thought that by giving the negro the ballot they would forever tie the South hand and foot to the Republican party.

Now the white people who are deserters of their own people, who are flying into the arms of the Republican party, are doomed to disappointment. They were never so badly fooled. Suppose there are a lot of white people who vote with the Republicans in Mississippi.

YOUR VOTE IS NEEDED TUESDAY, NOVEMBER 6.

Tuesday, Nov. 6th, is election day. On that day voters all over the nation will go to the polls to express their choice as to who shall receive the highest office within the gift of the American people—the Presidency of the United States of America. Who will win this great honor the ballots themselves alone can tell and the result will not be definitely known until after the votes are tabulated.

It is urgent that the people of Grenada County and the state of Mississippi—a state almost solidly Democratic normally—go to the polls and vote. Democracy in Mississippi is threatened now as never before. Assaults have been made on the character, on the ability, on the breeding, on the religion and on every other conceivable thing about the Democratic nominee, Governor Alfred E. Smith, four times governor of the state of New York. Powerful agencies are at work in Mississippi to wrest the state from Democratic ranks and if the Democracy of this grand old state does not awaken, these agencies might succeed in their purpose. None is so blind that he cannot see that there is strong opposition to Governor Smith in Mississippi and even in Grenada County. Many former Democrats (we use the term "former", for that's what they are according to all party standards; they have no right to call themselves, in a party sense, Democrats if they fail to support the party nominees) are declaring their intention to vote the Republican ticket and still others are saying they will not vote at all. Every qualified elector who fails to vote for the Democratic ticket is virtually casting a Republican ballot even if he does not go to the polls. Therefore, it is vitally necessary that every loyal, steadfast and true Democrat, every genuine Southerner, man and woman, go to the polls Tuesday, Nov. 6, and place a crossmark opposite the names of the ten Democratic presidential electors, the ten names which will appear at the top of the ballot.

Another thing: Republicans in Congress have long desired to cut down the representation of southern states in the lower house and if a light vote is cast in Mississippi it will serve as a strong argument to bolster their cause. If Mississippi's representation in Congress is cut down our representation in the electoral college will be cut down and we shall have very little to do with the election of a president. So if you do not vote you are running the risk of having Mississippi, your state and our state, lose some of its representation in the greatest lawmaking body in the world.

Ordinarily few people in Mississippi are interested enough to vote in a general election. The state has always been considered safely and solidly Democratic and many have felt that it was not necessary to vote at all. Not so this time; a full vote must be polled; Democracy must assert itself as it has never done before.

Let's all vote Tuesday, Nov. 6, for C. E. Dorroh, J. A. McFarland, W. H. Kier, Wilmer Kennedy, John Sharp Williams, D. T. Ruff, V. D. Rowe, L. P. Spinks, Mims Williams and E. E. Maddux, and bury these selfstyled "Anti-Smith Democrats", "Hoover Democrats" and all other Republicans, of whatever ilk or color or race, under such an avalanche of ballots that they'll never be able to raise their voice again in Mississippi, thereby keeping our state true to the traditions of our fathers and their fathers. They fought and died to preserve white supremacy in the south—we can keep it preserved by making ten crossmarks on our ballots Tuesday, Nov. 6th.

ONLY TEN TO BE VOTED FOR.

Only ten electors are to be voted for on the ticket to be voted at the presidential election to be held next Tuesday. There are two sets of Republican electors on the ticket—twenty Republicans in all. The Perry Howard faction of the Republican party in Mississippi has ten electors and the Sheldon group, those who call themselves the "lily whites", have ten. There are also two Socialist electors on the ticket. Be careful in marking your ballot and make no mistake. The Democratic electors are the first ten. An X opposite the name of each is the correct way. Use ink.

MRS. WOODROW WILSON SUPPORTS SMITH.

Mrs. Woodrow Wilson has stated several times in the campaign that she is supporting Gov. Smith. She went abroad this summer but hurried back to the United States that she might be here in time to cast the vote, which she says her husband would endorse, for Al Smith and Joe Robinson. Mrs. Wilson went to Baltimore Monday night to be present at the Smith speaking and sat on the platform. She was given a great ovation.

ECHOES OF INFERNAL REGIONS SEEN IN CAMPAIGN.

Vitriol and carbolic acid to the boiling point await some of those who have wantonly assailed Gov. Al Smith in this campaign.

Those who abet or connive at a crime are regarded in legal jurisprudence equally guilty with those who perpetrate crime.

The Fellowship Forum, Ku Klux publication issued at Washington City which has deceitfully constituted itself the keeper of the Ark of this Republic, is using the methods of one descended to the very depths of hell, where he has secured ink a thousand times blacker than the most intense darkness of night and a pen with points of venom and gall, and then sketched upon a demoniacal canvas cartoons that would for the moment shock even the region of extreme torture and punishment. These cartoons have been borne to earth by the ones longest steeped in crime and from the deepest of the deep of the infernal regions, and used in the aforementioned publication to malign, misrepresent, slander, traduce and persecute Al Smith, Democratic candidate for President, for the reason that his Christian faith is what it is. What this bedraggled and slimy publication has charged would stagger even putrid and beguiling Beelzebub himself. Yet it goes broadcast over the country, over this land "of equal opportunity and of justice and fair play", and is gleefully encouraged by some who claim to be heralds of brotherly love and glad tidings of great joy.

Who is paying for the millions of copies of this publication, later investigation will no doubt reveal as it is also destined to reveal where a goodly number who are making themselves active politically are getting "expense money".

What profit is there if Al Smith is defeated and his defeaters lose their own soul?

NEW YORK "400" AGAINST MRS. SMITH.

The high society set of women, who count themselves as "New York's 400", met the other day and resolved that it would be an affront to the highly bred and an embarrassment to the Nation to place Mrs. Al Smith in the White House as the wife of the President for the reason that she is "a woman of low birth". That's going some. The same tribe of bloodsuckers acted the same way towards Thomas Jefferson in the early days of the Republic. The "society set" ignored Jefferson and if perchance they came in contact with him at any public function, the "sassiety ladies" held their skirts lest they be contaminated by touching Jefferson. That was during the days when Jefferson was contending that the Republic should not be run by wealth and when he was opposing Hamilton's scheme to allow those owning property to vote.

The "400" said the same thing about Andrew Jackson's wife.

THE NEGRO HANDED A DEMOCRATIC DESERTER A GOOD ONE.

Eugene Booze, husband of Mary Booze, who has had more or less political notoriety during the past two years, handed Mr. L. O. Crosby, who recently renounced his adherence to the Democratic party, a good one in the public statement which he gave to the press October 27. It was a dignified, well worded and sensible statement. In short, Booze told Crosby that he was not wanted in the Republican party and that there was no place for him.

WOODROW WILSON'S DAUGHTER INTRODUCES SMITH.

Mrs. Thayer, one of Woodrow Wilson's daughters, introduced Al Smith when he made his speech in Boston last week. She gave him her unqualified endorsement and eulogized his public service.

And Willie Upshaw never did speak in Grenada or Grenada County. It is a pity that our people were denied the mental feast that his great deliverances would have furnished them! However, they seem to be thriving without it.

There will be many "I told you sos" and "I knew its" after the election. In truth nobody knows how the election is going. Both sides throughout the whole country are fighting as if their lives were at stake.

There are still some bushwhacking methods being pursued in these parts against the Democratic party and its standard bearers.

Place your "X" opposite the name of the ten presidential electors on the ticket for whom you wish to vote. The first ten on the ticket will be the Democratic electors.

Only those governments survive and flourish which are founded on the civil and religious liberty of the individual.—Chauncey Depew at age 92.

ILLINOIS CENTRAL SYSTEM — COURTESY EFFICIENT SERVICE ALWAYS

Every Shipment Helps

The freight service of the Illinois Central System is provided by a capable, experienced organization numbering tens of thousands of employes and utilizing an investment in road and equipment of hundreds of millions of dollars. It is qualified in every way to fill efficiently all needs for commodity transportation. Here are some of its distinctive merits:

It is speedy, because time means nearly as much nowadays in freight as in paseenger service. It is economical, having increased less in price than most commodities. It is dependable, because equipment is adequate, power is ample, and the track is in better condition than ever before.

The freight service of the Illinois Central System has ample capacity to take care of any probable amount of traffic, and its usefulness is not limited to any particular kind of shipment; the heaviest and the lightest, the largest and the smallest, those going a few miles and those going thousands are accommodated with equal facility.

Every specialized detail of service is provided for. Shipments requiring protection from moisture are transported in cars affording such protection. Refrigerator cars, which also can be heated, are available for commodities subject to damage from temperature changes. The whereabouts of shipments en route can be readily ascertained at any time. Shippers can rely upon an exceptionally high degree of safety for their commodities and upon being reimbursed for loss or damage, if any occurs.

Freight service like this is a community asset of the first importance. Its availability is a primary consideration in the location of industrial and commercial enterprises. Its contribution to agricultural development is indicated, for example, by the strides made in fruit and vegetable growing in the territory through which this railroad runs.

The ability of a railroad to provide good freight service depends upon the volume of freight handled. Large shipments, of course, do most to swell the volume of traffic, but every shipment, even the smallest, helps to keep the railroad busy and to make possible good service at low prices. The Illinois Central System therefore heartily solicits and appreciates shipments of every size and kind.

Constructive criticism and suggestions are invited.

L. A. DOWNS,
President, Illinois Central System.

IMPROVED UNIFORM INTERNATIONAL SUNDAY SCHOOL LESSON

By Rev. P. B. Fitzwater, D. D.
Dean, Moody Bible Institute of Chicago
(©, 1928, Western Newspaper Union.)

Lesson for November 4

WORLD'S TEMPERANCE SUNDAY

LESSON TEXT—Romans 13:1-14.
GOLDEN TEXT—Love worketh no ill to his neighbor, therefore love is the fulfilling of the law.
PRIMARY TOPIC—Obedience to Law.
JUNIOR TOPIC—Obedience to Law.
INTERMEDIATE AND SENIOR TOPIC—Reasons for Prohibition.
YOUNG PEOPLE AND ADULT TOPIC—Standing for Law Enforcement.

I. The Christian's Obligation to the State (vv. 1-7).

The believer in Christ is a citizen as well as a Christian. Intelligent Christians will be loyal to the state as well as to the church. Failure to recognize this has brought Christianity into disrepute in many quarters.

1. Obedience to rulers (vv. 1-4).

This obligation is upon all Christians. The reason is that civil government is ordained of God and rulers and His representatives. To refuse obedience to civil authority is to resist God. This does not mean that a Christian at the behest of the state should do that which is inherently wrong. Submission to rightly constituted authority is the law of the believer's life, not only because God is the source of civil authority, but because it was ordained for beneficent ends.

2. The spirit in which the Christian renders obedience to rulers (v. 5).

He should regard it as his obligation, not merely because it serves a good purpose, but because it is morally right. It is a conscientious obligation to obey lawful rules.

3. Method of expressing this obedience (vv. 6, 7).

(1) In the payment of personal and property taxes.

The citizen who enjoys the benefits of government is morally bound to support it.

(2) Payment of duty upon merchandise and license fees.

The business exchange between nations must be regulated. For such regulations expense is incurred, for which benefit the citizen should pay.

(3) Veneration of magistrates ("fear to whom fear").

Those who have the fear of God in their hearts will venerate their rulers, God's representatives.

(4) "Honor to whom honor."

This means that civil officers should be honored because of the ministry they perform.

II. The Christian's Question to His Fellow Citizens (vv. 8-10).

This is summed up in the word "love." This obligation is perpetual. The only debt which is right to owe is that of love. The discharge of this obligation forbids:

(1) Defrauding in matters of property (v. 8).

(2) It forbids going into debt with no certainty of being able to meet one's obligation.

(3) It forbids defrauding in matters of moral purity (v. 9). Where the life is under the power of love, adultery cannot be committed.

(4) It forbids murder.

(5) It forbids stealing.

(6) It forbids coveting.

(7) It forbids the working of any ill to one's neighbor.

III. The Supreme Motive Governing the life of the Christian (vv. 11-14).

The attitude of the Christian is that of eager expectancy. There is no time for slumber or indifference. The time of salvation is drawing near. The salvation here mentioned is not that which we obtain in justification and sanctification, but is that which we get when our redemption is completed in glorification at the second coming of Christ. Redemption is threefold:

1. Justification through faith in the blood of Jesus.

2. Sanctification through the obedience of the Word.

3. Glorification, when the fullness of redemption shall be realized at Christ's second coming.

The reasons for the attitude of expectancy are that the night of Christ's absence is far spent and the day of his glorious appearing is at hand. The proper conduct in view of this is:

1. To put off the works of darkness (v. 12), which are revelling, drunkenness, chambering, wantonness, strife and jealousy. The child of light will not walk in drunken carousals, will not practice licentious acts and debauchery, neither engage in strife, nor be under the spell of jealousy.

2. Put on the armor of light (v. 12).

The figure here is of the Roman soldier who arose from sleep and put off his slumber robes and put on his gleaming armor.

3 Put on the Lord Jesus Christ (v. 14).

This means to enthrone Jesus Christ as the Lord of the life, to bring the life under His control. No provision is to be made for the flesh, no forethought is to be given to that which the carnal nature desires.

DRUGGIST EXPLAINS HUGE SARGON SALES

"Great Formula Puts You Back In Normal Condition", Says Winona Druggist. Says Customers Are Receiving Remarkable Benefit.

Reports continue to pour in from druggists all over this section telling of the phenomenal and unprecedented demand for Sargon, and of the enthusiastic praise this new scientific formula is receiving from their customers.

Typical of this avalanche of evidence is the following letter received on Oct. 10th from Mr. J. R. Young, proprietor of Young's Drug Store, at Winona, Miss.

"Since our first order for Sargon, a few weeks ago, we have reordered six times and the demand is growing every day, due to the good it is doing in restoring to the body its proper disgestive powers and placing it in normal condition. It might be summed up in a few words to say—'Sargon makes you new again'.

"We are enclosing signed statement of two of our customers who have received wonderful results from the Sargon treatment."

Both of these statements were made on the same day. One of them is from Mr. J. R. Howell, of R. F. D. No. 3, Winona, Miss., who says:

"From the first few doses of Sargon my health has steadily improved. I can now eat anything I want and it doesn't hurt me in the least, have gained ten pounds, am feeling better every day and my appetite is splendid. Sargon Soft Mass Pills do the work, too—and no fooling."

The other statement sent by Mr. Young, is from Mr. W. A. Marshall, another well known citizen of Winona. He says:

"I had practically given up hope of getting well of a severe case of stomach trouble, indigestion and torpid liver, but the Sargon treatment has changed all that. I eat anything now and never have any pains of gas or uncomfortable feeling. I've gained in weight and feel fine. Sargon Soft Mass Pills are the best thing for constipation I ever saw."

Sargon may be obtained in Grenada from the Corner Drug Store.

Column About Colored People of Grenada County

Items by J. H. Phillips

Next Sunday at 4 p. m. there is to be a Unity Harvest service held at the M. E. church in which all of the religious bodies of this community of our group will participate. This is a new service for our locality and it is hoped that everybody will turn out. Mrs. A. M. Rodgers, wife of Prof. Rodgers, principal of Grenada High School, and who is originator of the service, will conduct it. It is a credit to Mrs. Rodgers for the interest she is manifesting in this community to lay something worth while on the minds of our people. It should receive a welcome and hearty response by our people. Come out and learn about it. You may receive some benefit by so doing.

The death of Richard Burt came as a shock to this community. He was afflicted with an ailment that frequently attacked him which he usually overcame and rallied from it, but this last attack found his vitality lower than at other times when unexpectedly the end came. He was a quiet, hard working young man and stood well in the community as one who was always faithful to his duties. He leaves a father, mother, several brothers and sisters and a host of friends to mourn his departure. The funeral services were conducted by Rev. Butler Wilson, of the A. M. E. Church, of which he was a member. Our sympathy goes out to the bereaved.

Mrs. M. A. Waters, of New Orleans, La., paid a visit to Mr. Robert Fletcher, her father. She brought with her Mr. and Mrs. Shackleford, Mrs. Alice McKinzie and Cornelius Brown. They motored through the country. Their trip here was without trouble or accident and was therefore very enjoyable. On their way here they enjoyed fishing in Lake Pontchartrain and brought some of the fish taken along with them.

On Sunday at 4 p. m. Mr. John I. Lamon, son of Prof. M. L. Lamon, and Miss Cora Ross, daughter of Mr. Bob Ross, Jr., were united in wedlock by Rev. C. G. Scrivens, pastor of the Mt. Herman A. M. E. church. The ceremony was stressed with much fervor and enthusiasm before a very large audience of relatives and friends. After a few days' honeymoon this couple will be at home with the groom's father where no pains have been spared in making necessary preparation for their comfort.

Mrs. Ida Cunningham, of Chicago, Ill., is in the city. She comes to visit her mother, Mrs. Charlott Licque, and other relatives and friends. She was reared in this city and enjoys being here to greet and mix with her early associates.

Sunday, Oct. 28th, Thomas Whitten and wife, a niece of Miss Mollie Hardeman and Mr. George Williams, motored to Jackson, Miss., to visit their daughter, Willie Mae Whitten, who is a student at Jackson College. She was glad enough to have their visit and is doing fine in the school.

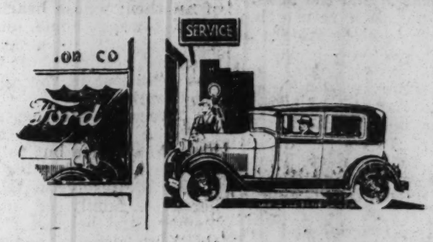
Every purchaser of a new Ford is entitled to Free Inspection Service for the first 1500 miles



THE modern automobile is a finely built piece of machinery and it will stand a lot of abuse. Considering the work it does, it gives surprisingly little trouble. But there isn't a car made that will not run better and longer if given proper care.

The first few hundred miles are especially important because that is when the mechanism of your car is being broken in.

Proper attention during this period will lengthen its life and prevent unnecessary trouble later on.

We are particularly interested in this matter because we believe it is our duty not only to make a good automobile, but to help the owner get the greatest possible use over the longest period of time at a minimum of trouble and expense.

With this in view, the entire Ford dealer organization has been specially trained and equipped to service the new Model A car.

Furthermore, we have instructed every Ford dealer to give the following Free Inspection Service at 500, 1000 and 1500 miles:

Check battery
Check generator charging rate
Check distributor adjustment
Check carburetor adjustment
Check lights
Check brakes
Check shock absorber adjustment
Check tire inflation
Check steering gear
Change engine oil
Lubricate chassis

No charge is made for labor or materials incidental to this service, except, of course, where repairs are necessary through accident, misuse or neglect. The only charge is for new oil.

See your Ford dealer, therefore, and get this Free Inspection of your new car at 500, 1000 and 1500 miles. Find out, too, how little it will cost to have your car given a thorough going-over at regular periods thereafter.

A checking-up by experienced mechanics, together with oiling and greasing every 500 miles, will add months and years to the life of your car and mean more economical and pleasurable motoring every mile you drive.

Mr. Brewer Weds Miss Carver.

The home of Mr. and Mrs. Groce Carver at Holcomb was the scene of a lovely home wedding last Sunday morning at 9:30 o'clock when Mr. James Madison Brewer made Miss Mary Olive Carver his bride. The home was tastefully and appropriately decorated for this happy event which is one of the greatest things in one's life. Only a few of the immediate relatives of the bride and the groom were present. The ceremony was said by Rev. Mr. Wood.

The groom is a son of Mrs. Lula Brewer of Coffeeville and is a young man of industry and energy and has already shown exceptional business qualities.

Mrs. Brewer is always pretty and attractive and is a young woman of exceptional talents and of many charms of character and of person. She looked exceedingly beautiful as she marched into the living room and as she stood beside the man to whom she committed her destiny. She was reared in a good home and has been taught those sublime things of life that endure when the ephemeral affairs of the world are overlooked or forgotten. She knows the domestic side of life, a thing of the first importance to the good wife and helpmeet.

The bridal pair left immediately after the ceremony in their automobile for Jackson and the Mississippi coast. Upon their return they will be at home to their friends at Coffeeville.

The Sentinel wishes Mr. and Mrs. Brewer a life of serenity and that their matrimonial bark may ever sail upon placid waters.

PEOPLE OF GRENADA COUNTY

It is unlawful to catch, pursue, kill or disturb any game protected by our game laws during the closed season on such game. This applies to all who are training their dogs during the closed season. See Page 22, sec. 18, of Game Laws. It is unlawful to have in your possession any game during the closed season. Some people are catching squirrels and coons during closed season and putting them in cages. This is a violation of the state game laws and must be stopped. I ask that all help us protect our game and obey our game laws.

Respectfully,
R. E. HALL,
County Game Warden
Grenada, Miss., Oct. 29, 1928.

NERVES
Went to Pieces

"I suffered a long time, before I tried Cardui," says Mrs. Lillie Pruitt, 130 "K" St., Anderson, S. C.

"I was badly run-down in health. My nerves 'went to pieces', and I had to go to bed.

"I got so bad off, I could not bear to have anybody walk across the floor of my room. The least little thing upset me. Sometimes I became hysterical. I had bad pains in my back and sides, and my head and limbs would take spells of aching, which almost set me wild.

"One day I saw where a woman, who had a trouble like my own, had been relieved by Cardui. I decided at once to try it. It began to help me from the very first. I took Cardui regularly, for several months, and my improvement was so remarkable my family and friends were delighted."

Try Cardui for your troubles. At all drug stores.

ROTARY HONORS MEMORY OF DECEASED MEMBER

A most impressive and touching service was held by the Grenada Rotary Club at its meeting Tuesday, Oct. 30, in honor of the memory of B. C. Duncan, one of its greatly loved members who departed this life on Oct. 3. After the reading of resolutions prepared by John Rundle, B. C. Adams and J. P. Sisk, a quartet, composed of Mrs. R. F. Matthews, Miss Katherine Lufkin, Rev. R. W. Emerson and W. V. Dubard, sang most feelingly Tennyson's "Crossing the Bar". It was unanimously voted to adopt the resolutions, which follow, to forward a copy to the family of the deceased member and to publish a copy in The Sentinel:

"Blanton C. Duncan

"Whereas: Our hearts have again been bowed down in deepest grief as we realize that Death has beckoned from us one we loved and one whose noble spirit has taken wing and flown into the mysterious firmament of eternity, and

"Whereas: With loving thoughts and cherished memories we shall ever hold as a priceless legacy the virtues of that life which ever throbbed with songs of love, and fellowship, and service; and which was the personification of those cardinal principles of Rotary, tolerance, benevolence, friendship and service above self.

"Therefore: Be It Resolved: That the Grenada Rotary Club has lost a brother who truly loved his fellowmen regardless of rank or heritage; one who was never known to violate or trespass on the good name, or character, or merit of another; whose bearing and attitude towards home, and business, and humanity in general was a touching reminder of that which was beautiful in the spirit of the old South.

"'Green be the turf above thee,
Friend of our better days,
None knew thee but to love thee,
None named thee but to praise.'

"Be It Resolved: That to the bereaved family of our departed member and beloved Dunc we extend our sincere condolence, and bow our heads in sympathetic woe with those whose heart's ties have been rudely broken, realizing that in but a few days, or a few years, we who are here will have joined that vast company of Rotarians who have lived, and served, and died. For the sorrowing widow and children of our lover of love songs we pray the benediction: The Lord bless thee and keep thee; the Lord make his face shine upon thee, and be gracious unto thee; the Lord lift up his countenance upon thee and give thee peace."

The high school glee club entertained most enjoyably, under the direction of Miss Lyon, with two pleasing selections.

It is planned, according to C. K. Bailey, chairman of the program committee, to follow the program outlined by Rotary Internaional and to have one vocational talk each month from some member.

Hubert Calhoon made a full and interesting report of the inter-city meeting held at Water Valley last Friday evening when the Grenada and Charleston clubs were guests of the Water Valley club.

Rotarians Joe Lanham, of Greenwood, and Dave Cowart, of Charleston, were guests at the luncheon.

NEGRESS HOME ON VISIT

Viola Murphy, negress, who left Grenada five years ago to make her home in St. Louis, is here for two weeks' visit with relatives.

Viola was for more than twenty years a servant in the home of the writer and the relations existing between her and the writer's family more nearly approached those that existed between master and trusted slave in the days before the Civil War. She was considered as almost being one of the family. She was always faithful and reliable and the utmost confidence was reposed in her.

Viola is a real southern negro woman. She says she has very little patience with those in St. Louis, "po' white trash", as she calls them, who address her as "Mrs. Murphy".

The writer and his family are delighted to see her again.

GOODMAN'S CELEBRATING ITS 22ND ANNIVERSARY

Goodman's Dry Goods Store of Greenwood is now celebrating the twenty-second anniversary of its founding and in an advertisement in this issue of The Sentinel it is telling the people of Grenada and surrounding territory something about it. One is always joyful on the occasion of a birthday and to share some of its joy with the people in its trade territory, Goodman's is putting on a sale that should appeal to every bargain seeker, especially just now when winter is fast approaching and the need for ready-to-wear, millinery, dress goods, underwear, etc. is almost urgent.

Goodman's twenty-second anniversary sale begins today and the advertisement in The Sentinel should be carefully read by all who get the paper.

B. L. HARRIS ILL

Mr. B. L. Harris, of the Oxberry community in Beat 5, who has been confined to his bed for some time, is reported as showing some improvement, news that will be welcomed by the many friends of this splendid gentleman. He has been in bad health for many months and has been abed practically all this year.

Mr. Harris is one who might well be termed of "the salt of the earth". He is a man of strong convictions, he is a splendid neighbor and a steadfast and loyal friend.

The Sentinel hopes that it will soon be able to chronicle his complete recovery.

DEMOCRATIC LADIES IN MEET WEDNESDAY

A representative group of ladies of Grenada county gathered at the courthouse Wednesday afternoon, following the call of Mrs. S. A. Morrison, chairman of the woman's Democratic organization in the county, to receive added inspiration and enthusiasm for the last few days prior to the election in the magnificent fight they are waging in the interest of the Democratic nominees for president and vice-president. These women are true blue Democrats and they are deeply interested in seeing that the solid south remains solid, especially Mississippi and Grenada county.

The features of the meeting Wednesday were two spirited addresses by Hon. W. S. P. Doty, mayor of Grenada and chairman of the Smith-Robinson Club in Grenada county, and Hon. Cowles Horton, one of the foremost members of the local bar. Both of these gentlemen lived up to their reputation as speakers of ability and they held the undivided attention of their audience throughout their remarks.

Democratic leaders in Grenada county are enthusiastic over the promises of cooperation to be given throughout the county next Tuesday and they are counting on the greatest Democratic vote ever piled up in the county's history.

D. S. AMYETT IS HURT WHILE AT VETS' REUNION

The many friends of Mr. D. S. Amyett will regret to learn that he is confined in the hospital at Winona, suffering from a sprained hip as the result of a fall. Mr. Amyett was in Winona last week to attend the reunion of Confederate veterans. One of the features of the entertainment arranged for the old soldiers was a trip to Cotesworth, the home of the illustrious J. Z. George and it was there that Mr. Amyett received his injury. He had climbed to the top of a fence and was seated there when a part of the fence gave way and he fell. As quickly as possible he was taken to the hospital at Winona where he has been since.

The Sentinel joins in the wish of his other friends that Mr. Amyett will speedily recover his strength and that he will soon be able to return home.

POULTRY SPECIALIST TO MAKE ADDRESSES

Prof. F. C. Old, formerly with the United States Department of Agriculture as poultry disease specialist and for two years head of the poultry department of Louisiana State University, will make two addresses in Grenada county next week. The first is to be given Friday evening, Nov. 9, at 7:30 o'clock in the auditorium of the Holcomb school building and the second will be delivered at the courthouse in Grenada at 10:30 a. m. Saturday, Nov. 10.

Prof. Old, who is an expert on all phases of the poultry industry, has acquired an enviable reputation during the years he has devoted himself to this work. Those who hear him during his two days' stay in the county are urged to bring to the lectures any questions they may wish to ask regarding poultry raising and if any of their flock is diseased, Prof. Old asks that they bring one of the diseased fowls to him and he will point out the cause of the trouble and tell how it may be cured.

The two addresses are to be sponsored by Miss Ozella O'Bannon, county home demonstration agent, and by Prof. A. Y. McBride, principal of the Holcomb school. It is hoped through Prof. Old's visit, a greater interest may be stimulated in the poultry business in this section.

GORE SPRINGS ENJOYS HARVEST FEAST OCT. 31

The Gore Springs Community Organization held its annual harvest feast at the school building, Wednesday evening, October 31, with quite a large crowd present. The people of the community brought lunches and the spread was enjoyed very much. After the feast the meeting was called to order by G. R. Fulton, county agent. The minutes of the last meeting were read and adopted.

Mr. Maddox, chief inspector from the state department of agriculture, was the principal speaker of the evening. Agricultural development in Mississippi was the theme of his very interesting talk.

At the conclusion of the program, everyone attended the carnival. Three rooms were prepared by the faculty and members of the community for the carnival which consisted of freaks, fortune telling, house of woe, the bridal party, etc. After the hour of fun, everyone went home feeling fine.

car platform and in three minutes the train was on its way again. I was not on the train but Mr. A. H. Stone was and he tells me that the few remarks Mr. Hoover made could not be made the subject of any just criticism.

"This is the whole truth of the Mound Bayou incident. To make political capital out of it is utterly unworthy and I cannot believe you wish to be a party to falsifying the facts or adding to an incident which had no significance. The stop at Mound Bayou was made at my request and was an unimportant item in a trip made in behalf of the people of the flooded area at my request.

"May I add that in spite of my admiration and affection for Mr. Hoover, I am an ardent supporter of the Democratic nominee for the presidency."

MRS. MORRISON MAKES PLEA TO THE WOMEN

(Continued from page 1)

to yourselves. With the guarantee of a federal law like that hanging over us, is there a woman in the county who will not go the polls and vote for Al Smith? I will not believe it! Al Smith, the Democratic nominee, is the choice of the majority, as evidenced in the Houston convention. Suppose he is not yours or mine, you are going to elect one or the other whether either of them suits. If you think them both evil certainly Smith is the lesser evil. However, I think him the greatest man in the United States today. A man born under Brooklyn Bridge, who has climbed to the top of the ladder, as has he, who has four times been made governor of 30,000,000 people, certainly has executive ability, and will not sit idly by while millions of government reserves are stolen from the people.

The anti-lynching bill is nothing but federal life insurance.

Look back over the eleven years following the Civil War, and remember what our families endured under Republican rule, and realize that again it threatens white supremacy and state's rights. I know that if you but do this we shall not fail!

MRS. S. A. MORRISON

GIRL SCOUT DEPARTMENT

The following girls met last Friday afternoon to go to Camp Borden: Minnie Lee Riley, Carmen Riley, Winnie Abel, Virginia Smith, Mary Upshaw Jones, Elizabeth Perkins, Edna Jackson, Peggy King, Fay Gunn, and Vera Litten. Mrs. Willie Mae Dubard was the chaperon. Each girl carried the materials and cooked her own meals while there. Everyone had a grand time and came back Saturday morning very enthusiastic over camp.

To be eligible to go on these camps a girl must make some progress in scout work, attend Sunday School and church, pass her school work, and pay her dues.

The girls met Monday afternoon for their regular weekly meeting. The Lone Wolf patrol had charge of the program. The patrol leader chose as her subject "The Principles of Girl Scouting". Short talks on this subject were made by the members of the patrol.

The secretary read a report from national headquarters concerning the Juliette Low Memioral fund. We voted to give two dollars to the fund besides the free will offerings The treasurer then made her report.

We adjourned by singing the girl scout song and taps.

BEGINS SERIES LECTURES ON TRIP THRU HOLY LANDS

As announced in the columns of The Sentinel last week, Rev. R. L. McLeod, Jr., will begin next Sunday evening a series of lectures on Syria, Palestine and Egypt, three Bible lands he visited during a sixteen weeks' tour of foreign countries in 1924. The lectures will be given each Sunday evening in the Presbyterian church until they are completed which will probably be ten weeks. Mr. McLeod is an exceedingly interesting talker and his subjects will be such that they will appeal to all.

The lectures will also appear in The Sentinel each week, following their delivery by the minister. They will be illustrated in this paper with interesting scenes viewed by Mr. McLeod's party during its travels. The first will appear next week and those who hear them may be enabled to preserve the lectures in printed form.

FOUNTAIN'S SALE BEGINS TODAY, LASTING 3 WEEKS

In an advertisement on page 6 of this issue, Fountain's Big Busy Store of Greenwood is announcing the opening of its November Harvest Sale. The big sale begins today, Friday, Nov. 2, and continues for three weeks, closing Saturday, Nov. 24.

A sale at this season of the year when money is more plentiful than at any time during the twelve months is most unusual. It comes at a time when people are beginning to lay in their supply of fall and winter merchandise and is most opportune for those thrifty folk who are desirous of saving money on their purchases.

Read Fountain's ad which goes more into detail.

Crawford-Calhoun.

A wedding of more than ordinary interest in this part of the state, climaxing a series of prenuptial courtesies, was that of Miss Elizabeth Calhoun, daughter of Mr. and Mrs. H. T. Calhoun, to Mr. Dudley Crawford, son of Mrs. Fannie Crawford, of Aberdeen. The ceremony was performed at ten o'clock Wednesday morning, October 31, at the Presbyterian church, with Rev. Robert L. McLeod, Jr., officiating.

The church was decorated with ferns, palms and yellow and bronze chrysanthemums, banking the altar of the church. Preceding the ceremony, "At Dawning" was sung by Mrs. Frank S. Hill, "The Sweetest Story Ever Told", by Mrs. W. A. Campbell, and "O Promise Me", by Mrs. Hill, both being accompanied by Mrs. Ben Graham at the organ.

For the entrance of the bridal party Mrs. Graham played Mendelssohn's wedding march and during the impressive ring ceremony she softly played "Indian Love Call".

Mrs. Rogers Pleasants, of Minter City, sister of the bride, as matron of honor, entered first, with Miss Maisie Spraggins, of Aberdeen, niece of the groom, as maid of honor, entering from the opposite door. Mrs. Pleasants carried an arm bouquet of pink chrysanthemums and Miss Spraggins an arm bouquet of yellow chrysanthemums. Both were gowned in Napoleon blue, fall models.

The bride entered with her father by whom she was given in marriage. She was gowned in a lovely fall model of nut brown satin with a deep yoke of cream lace and wore a close fitting hat of brown and gold, with harmonizing accessories. She carried a shower bouquet of Pernet rosebuds and lilies of the valley, tied with lavender maline. She was met at the altar by the groom with his best man, Mr. Fred Lickfold, Jr.

Mr. Howard Crawford, of Memphis, Mr. Rogers Pleasants, of Minter City, and Messrs. Charlie Wrjggins and Harper Hughes, of Grenada, served as ushers.

Immediately after the wedding ceremony the couple left for a motor trip to the coast, including Mobile, New Orleans and other points. After November 8th, they will be at home to their friends at the residence of Miss Ruby McLeod on Main Street.

Mrs. Crawford is the youngest daughter of Mr. and Mrs. Calhoun, and is one of Grenada's most charming and attractive young women. She was educated at Grenada College and Virginia Intermont College, Bristol, Va. She is exceptionally popular, being gifted with that disposition that speedily wins and holds friends. She possesses a poise and dignity that will serve her well in her new role. Her family is one of the most prominent in this section, having long been identified in many ways with the life and progress of Grenada County.

Mr. Crawford came to Grenada several years ago and was until the first of the year connected with the Illinois Central Railroad system. His work there was of such outstanding merit that he was selected over many others to serve Grenada County as its deputy sheriff, a position that of necessity brings him in contact with many people, which has made for him many friends in addition to those he had already made during his residence in Grenada. He is a graduate of Mississippi A. & M. College.

Among the out-of-town guests at the wedding were: Mrs. Fannie B. Crawford, Mr. and Mrs. George Crawford, Mr. and Mrs. Frank Crawford, Mr. and Mrs. Sam Spraggins, Miss Ella Mae Davis, and Miss Lucille Spraggins, of Aberdeen, Mrs. J. H. Dogan, Mrs. J. S. Pressgrove and Miss Maylise Dogan, of Charleston, Mrs. Kenneth Wood, of Jackson, Mrs. Ed Looney, of Columbia, Tenn., Mrs. Norfleet Hawkins, of Tippo, Miss., Mrs. Stanard Equin, and Mr. and Mrs. A. Y. Sturdivant, of Glendora, Mrs. F. P. Pleasants, Sr., Mrs. F. P. Pleasants, Jr., Mrs. Homer Spraggins, Mrs. W. M. Robinson, Mrs. Evans Townes, Mrs. John Hughes, Dr. and Mrs. J. D. Sweaney, Mrs. Albert Watkins, Jr., Mrs. Fred Rogers, Mrs. Frank Stainback and Mrs. F. M. Rogers, of Minter City.

The Sentinel joins with their other friends in wishing the happy couple a long and blissful wedded life.

Enjoyable Dinner Party.

Bridal Pair Honored.

On Wednesday night Mr. and Mrs. Andrew Carothers' lovely new home on Margin Street was the scene of one of the loveliest parties given in honor of Miss Elizabeth Calhoun and Mr. Dudley Crawford whose marriage took place Wednesday morning. After the rehearsal for the wedding, the bridal party, with several intimate friends of the couple, were the honor guests of Mr. and Mrs. Carothers.

Lovely white chrysanthemums and ferns decorated the rooms thrown open for the occasion, the bride's place of honor having lilies of the valley and white maline bows as its special decoration.

An enjoyable contest, "The Wedding of the Flowers", was held in which Mr. Charlie Wriggins proved himself most efficient. He received an appropriate prize presented by the host. The guests were then led into the sunparlor, where a large wedding bell was suspended, with white and pink ribbons hanging from it. After each guest had received a bag of rice contained in the bell, the bride and groom-to-be pulled the pink ribbons, and were showered with rice from the bell and from the guests.

The groom received a telegram of much interest during the evening and the bride a very unique pareel post package, by special messenger.

Benefit Rook Party.

The lovely home of Mr. and Mrs. W. B. Waterman was the scene of a most enjoyable Hallowe'en entertainment Tuesday night when the ladies of the Eastern Star entertained with a benefit rook party.

The guests were met at the door by a "goblin" and ushered into the house, where witches, cats and pumpkins indicated that Hallowe'en was here. Fortunes were told by a witch which furnished much enjoyment.

About seventy-five guests enjoyed various Hallowe'en games and rook after which delicious sandwiches, tea and salted nuts were served by several attractive young maids, dressed in Hallowe'en costumes.

Kimbrough-Preuit.

A wedding of widespread interest, both in Alabama and Mississippi, was that of Miss Betty Madding Preuit, daughter of Mr. and Mrs. Pryor Preuit, of Leighton, Ala., and Mr. John Stokes Kimbrough, son of Mr. Orman L. Kimbrough, Sr., of Grenada, which was impressively solemnized Saturday morning, October 27, at 11 o'clock, at "The Oaks", the lovely colonial home of the bride's parents, near Leighton.

The nuptial vows were read by Rev. Mr. Lamb, pastor of the Methodist church of Leighton, in the presence of relatives and close friends.

A beautiful improvised altar, banked with ferns and white chrysanthemums, had been arranged under the stairway in the reception hall. Ivory floor baskets of white specimen chrysanthemums stood on each side of the altar, making a most artistic setting for the wedding ceremony. The double stairway was entwined with southern smilax and throughout the spacious home a decorative arrangement of smilax and autumn flowers was effectively carried out.

Preceding the ceremony, Mrs. Robert L. Layton sang, "I Love You", accompanied by her sister, Miss Minnie King. Mendelssohn's wedding march was played for the entrance of the bridal party by Miss Camilla King, cousin of the bride. During the ceremony Miss King softly played, McDowell's "To a Wild Rose".

Mrs. Edward Pippen, sister of the bride, gowned in a lovely frock of white lace and crepe satin, fashioned with a skirt of small ruffles and with accessories of blue, entered first as matron of honor. She carried an arm bouquet of sweetheart roses, tied with pink tulle.

Little Mary Joe Pippen, a petite titian blonde, then entered, wearing a dainty frock of white crepe, scattering rose leaves in the bride's path.

The bride entered with her father, by whom she was given in marriage, and was met at the altar by the groom, with his best man, Mr. Harper Hughes, of Grenada.

The bride was never lovelier than in her wedding gown, a Worth model of blond satin crepe with deep cream lace yoke, an arrangement of French flowers adding an artistic touch. Her hat was of beaver and gold. Her only ornament was a coral necklace in old gold, a family heirloom. She carried an arm bouquet of white roses, showered with lilies of the valley and tied with white tulle.

Following the marriage ceremoney the guests were served a most delicious luncheon. The dining table was covered with an imported lace cloth and was set with lovely crystal and silver.

Mrs. Gordon Preuit and Mrs. Wesley Smith poured coffee. They were assisted in serving by a bevy of young maids and matrons.

Among the out-of-town guests attending the wedding were: Miss Lucy Talbert, niece of the groom, of Grenada, Mrs. Willett, of Washington, D. C., Miss Camille Toney, of Memphis, Mr. and Mrs. Wilhoite and Mrs. Murray, of Nashville, Tenn., and a number from Courtland, Russellville and other neighboring towns.

Mrs. Kimbrough, who has frequently visited in Grenada as the guest of Mrs. Mollie Townes, her cousin, has made many friends here and they are delighted to welcome her to Grenada where she will make a decided addition to the social life of the community. She is a young woman of exceptional attainments, being gifted in many ways. She is beautiful of person and has a disposition that is unuually pleasing. Her family is one of the foremost of that section of Alabama.

Mr. Kimbrough was born and reared in Grenada and those who have had the opportunity to observe him since his youth have the utmost confidence in his judgment and the greatest respect for his ability. He is a young man of good business sense and has been unusually successful in his business career. He is connected with two of the town's leading enterprises and is destined to meet with still greater success in life. He comes from one of the best families of Grenada County, one that is held in the highest esteem.

The Sentinel extends to Mr. and Mrs. Kimbrough its sincerest congratulations and best wishes for their happiness.

"Welcome!" That's what America has said to the Twin-Ignition Motor

FROM the very day of the introduction of the new Nash "400", keen public interest has surrounded the new Twin-Ignition motor—

People everywhere are telling other people that they've never driven a car with so much sparkle and enthusiasm in its action—

—Or one that is as smooth and quiet at every speed, clear up to the top—

—Or one that needs so little gasoline.

Twin ignition, with high compression in the valve-in-head motor means more power, more snap, more speed, using *ordinary* gasoline, and less of it.

Before you buy your new car, come in. We'll give you the key to a Twin-Ignition-Motored "400". You take it out, and take a ride. *That's all we ask!*

* * *

* *In the first three months following the "400" introduction "400" sales were nearly 75,000 cars, 14,000 more than the total of the best previous July, the best previous August and the best previous September in all Nash history.*

9 Sedans from $885 to $1990, 8 Coupes, Cabriolets, Victorias from $885 to $1775, f. o. b. factory

LOST
Time from Work

Mr. Albert Garland, of Somerset, Ky., recently said: "I used to work in the mines, but lost quite a bit of time on account of sick spells I had. I would get to having a bad taste in my mouth, and a very dull, tired feeling and ache.

"My mother told me to try Black-Draught, which I did, and after a few doses I felt much better. Now I take it as soon as I feel the least bad, and I don't get down. I certainly can say that it has done more for me than any other medicine I have ever taken.

"I never get without Black-Draught. If I go on a visit, I take a package along in my suitcase. My health is better now than it has been in years."

Black-Draught is prepared from medicinal roots and herbs, of highest quality.

NOTED BAPTIST RESENTS EDITORIAL REFERRING TO CARNES' DEFALCATION

(Continued from page 1)

alleged denouncings and tirades were brought to our attention by a Baptist, a former Grenadian and now one of the leading professional men in Kentucky. By the way, this gentleman states that he has not attended any preaching service in his church since the pastor descended from his lofty calling to give political advice, rather than spiritual, from his pulpit.

But in the face of all this, Dr. Barton states in his communication, after saying that he has been informed that we are a member of the Methodist church, and that we have seen fit to take "Baptist ministers*****so severely to task,*** I wonder if this fact (meaning because we are a Methodist (parenthesis ours)) explains why he is severe on Baptist preachers and has no censure for Methodist preachers concerning their prohibition and anti-Smith activities".

Now the record shows that we have arraigned Methodist preachers more than we have the Baptists. Such statements as Dr. Barton makes in this particular shows that he often speaks when woefully lacking in information or the facts. Maybe if he were better informed, he would not be so bent on the political blood of Al Smith.

Just in passing we will say for Dr. Barton's benefit that we were almost reared under the preaching of a Baptist minister, a man who preached with a force and a power and effectiveness, the like of which we have never seen excelled. We feel that we knew this godly man so intimately that we can say that if he were in the flesh today, he would be as far from doing what Dr. Barton and others who are confederating with him are doing as the east is from the west. Some of our closest and dearest friends are members of the Baptist church; these know that we believe far more in Christianity than we do in churchanity, that we are no hidebound sectarian.

Dr. Barton practically pleads guilty to what we charged about his borrowing money from the Baptist official who mulcted the Baptist church of nearly one million dollars. The doctor enters a plea which the lawyers term "in avoidance". Like the negro arraigned for stealing two sheep and who had been protesting his innocence, when the indictment was read to him, he said to the district attorney, "Mister dat an't right, I tuck only one of dem sheep." Dr. Barton says he borrowed only $2500. whereas we referred to five thousand dollars. We based what we stated on press reports.

Now let's look at the Carnes' case: This man, it is stated, had twice been sentenced to prison, yet leaders in the Baptist church, among whom, no doubt, was Dr. Barton, placed him in charge of sacred funds amounting to nearly one million dollars. We respectfully submit that those who elected Carnes showed mighty poor judgment and that they are men who take things for granted, who rely on what somebody else says and act without the proper investigation.

If they failed to properly investigate in a matter so important to their church, is it not reasonable to conclude that they have shot off their mouths about Tammany Hall and Al Smith because of what somebody else said and without needed investigation? A chain is no stronger than its weakest link. We grant that these gentlemen acted from good motives in electing Carnes, and that they are men of the highest sense of honor. What we are trying to get them to do is to look at Al Smith through the same lenses through which they want the public to look at their election of and association with Carnes and the borrowing of money from one who owed to them his election.

We are wondering if Dr. Barton and those who have unsheathed their swords and are fighting against Al Smith and Southern Democracy, would not have done the same thing if Al Smith had never sent his telegram and if he had always been a "dry"? In truth, come, be honest with yourself, doctor, is it not a fact that most of you preachers who are fighting Al Smith are against him because his mother was a Catholic and because he joined his mother's church?

Dr. Barton states that we must not know "the history of Tammany Hall" and that we are "not familiar with the graft and public plunder of Tammany Hall". Yes, Dr. Barton, we have read the history of Tammany Hall from A to Izard. We are quite familiar with its activities. But our guess is that you are not familiar with the history of Tammany Hall, and that you predicate your judgment on a few isolated instances. Is it fair to judge a man by one act? But granting for the sake of the moment that what Dr. Barton says of Tammany is true, pray what has that to do with Al Smith? Would it be fair to the great Baptist church to say that no one of its members is honest enough to be President because the good natured Harding (a Baptist) was betrayed by those he placed in authority and because there was more graft and stealing during the short time he was President than in administrations of all the other Presidents together? We challenge Dr. Barton and any of his coworkers engaged in the task of trying to blacken the name of Al Smith to place their finger on one single piece of graft or office stealing during his four terms as Governor of New York. Come with the proof, Doctor, or shut up. It can't be done and nobody knows it better than Dr. Barton, otherwise he is not the intelligent man we take him to be.

In our limited way, we have done as much for the cause of prohibition as Dr. Barton or doctor anybody else. There is nothing good that can be said of the whiskey traffic. We have openly and aboveboard all the time and on every occasion used this paper to further the cause of prohibition and to bring to the bar of justice those who violate the prohibition law. Nevertheless we are not so blind as not to realize the great difficulties in enforcing the law. For the present, or at least until there is better education on the subject, we believe that it would be best to have the federal government sell what whiskey is used.

If Dr. Barton and the other anti-Smithites will find some way to persuade that 90 per cent of the members of their churches to cease imbibing whiskey the prohibition question will solve itself and none of us will have to worry about it as an issue in politics.

Has Dr. Barton any explanation to offer as to why the ministry of the old and stable Presbyterian church has, with but very few exceptions, seen fit to stand aloof from the fiery arena of politics in this campaign? Likewise has he any reason to offer for the fact that the members of the Episcopal clergy throughout the country have chosen to follow the old and time tried paths that separate church and state, political meddling and church affairs? Will he say that the members of the ministry of these two churches are any less wise or any less concerned about the welfare of this country than these militantly minded parsons of the Methodist and Baptist churches who are breathing out threatenings about Smith and Robinson?

The church is the avenue which God established through and by which he ordained to use men to show his love and righteousness to the world. It is far more important that the church shall be maintained in its purity and its appealing power than that Al Smith or anybody else be elected President. When those who are for the time being in places of spiritual leadership descend from that exalted eminence to the level of every day affairs and begin to use the weapons of the world instead of the methods which Christ taught by precept and example, they break the line which separates them from the world, and that reverence which men have long been taught to have for the ministry is either cast into the discard or greatly minimized. Dr. Barton, Bishop Cannon and all the midgets that are aping them in this campaign, are going to find that they have crippled the power of the church regardless of the outcome of the election.

URGE SOUTHERN KIN TO SUPPORT SMITH

(Continued from page 1)

never wavered in opposing the efforts of the Republicans to keep the South in serfdom for another decade, and which by its persistent opposition finally released the South from the horrors of Reconstruction.

"We cannot believe that a Southern woman will vote for a party which for the past 63 years has unremittingly attacked white supremacy in the South, unless her usual common sense is perverted by insidious and specious propaganda, such as religious, Tammany, and other prejudices launched by the opposition just for such a purpose.

"It would be strange indeed for a Southern voter to find fault with Governor Smith on the score that he has the support of Tammany, when the support of Tammany Representatives in Congress enabled the South to defeat the force bill, which provided that United States troops should be put in every Southern polling place. The many deep and fundamental calls on every Southern woman to defeat the Republican party, so transcend a religious equation as to make this feature insignificant. We Southern women of New York are supporting the Democratic party and its leader, Alfred E. Smith."

Signed by Carrie Phelan Beale, honorary president of the New York Division, United Daughters of the Confederacy; Bessie Martin Dew, former president, New York Division United States Daughters of the Confederacy; Laura T. Cochran, honorary president New York Chapter United Daughters of the Confederacy; Rose Gunter Semple, former president of the Dixie Club of New York and head of the Semple School.

The following resolutions were read by Mrs. Winifred Kittredge Nonidez at a meeting held at the home of Mrs. T. Darrington Semple, head of the celebrated Semple school for young ladies, October 13:

We, the members of the Southern Women's Organization in New York, Inc., and Southern women resident in New York, assembled this 13th day of October at the home of Mrs. T. Darrington Semple, having seen an exhibition of the indecent and scurrilous literature which is being disseminated throughout the south as campaign literature of the vilest sort, hereby

Resolved, That we do most vehemently condemn such vicious and un-American propaganda, and furthermore

Be it Resolved that, in standing for a clean fight, we call upon every one of our Southern relatives and friends in their respective states and communities to repudiate such contemptible tactics and rebuke the authors, secret or open, of such acts contrary to the highest ideals and best interests of the South and the United States, from the stump, in the press, and at the polls through a vote for Governor Alfred E. Smith for President.

COTTON REPORT

FORCE BILL PROBABLE IF REPUBLICANS WIN

(Continued from page 1)

They will not dominate the Republican party in Mississippi. The negroes will still sit in the saddle and why? For the reason that there are thousands of negro voters in the North, and to hold them, the Republicans at Washington must defer to the leading negroes in the South. As a matter of common justice, this is right. And it is worse than funny to me that these "lily whites" don't see the matter as it is. Eugene P. Booze, husband of the national committee woman of the Republican party in Mississippi, told L. O. Crosby this very selfsame thing in the letter which appeared in the press October 27. Booze told by that they did not want him, if he was expecting to lead, and that he had best stay where he was. Good for Booze.

Now these ideas are not wholly original. These are a summary of what I gathered from a conversation with a brainy man who is not in politics the other day in Jackson.

These self-righteous white folks who are jumping out of the Democratic party and into the Republican, cherishing, no doubt, the idea that they will be dictators in Mississippi if Hoover is elected, are going to be badly fooled. As already stated, the Republican party cannot afford to make the Southern negro take a back seat and they should not. These white people are going to where they are not welcome, and they will wake up to find some substantial negro to still have the ear of the Republicans at Washington, and did you know it, there are scores of loyal Democrats, and Southerners, who would prefer to deal with a Southern negro at Washington rather than a deserting Democrat, a political renegade?

Yours respectfully,
J. N. PROVINE.

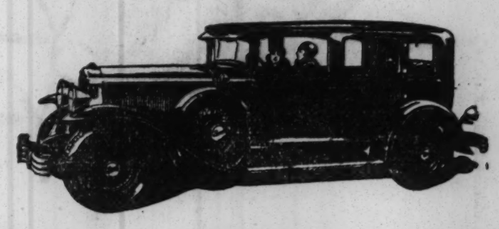
The new Buick is the new Style



Men and women on every street--in every city and town--are pronouncing the new BUICK, with *Masterpiece* Bodies by Fisher, the most beautiful automobile of the day

Never before in the history of motor car manufacture have the motorists of America welcomed any new automobile as they are welcoming the Silver Anniversary Buick with new Masterpiece Bodies by Fisher!

Sweeping into the market at a time when motor car lines were practically standardized—when imitation was destroying individuality—these epic Buick creations introduced an entirely new mode—

A mode of body-symmetry—of size and magnificence—of soft contours instead of straight lines—of embossed side and hood panels involving the most costly steel paneling work employed on any car in the world!

And as the weeks have passed—and the full significance of Buick's achievement has become apparent to the public—enthusiasm for this car has swelled and grown to unprecedented proportions!

Buick sales records have been broken! Production schedules have been increased again and again! The great Buick plants are working to the limit of their capacity to supply the demand.
